MEDIA RELEASE

New Dates for Fireworks, Park Lighting and Santa Claus Parade

Due to Last weekends very inclement weather The Kingsville Fantasy of Lights Committee has released new dates for events which were rained out November 18

Nov. 25 beginning at **7pm** join us for the Lighting of the Lights at Lakeside Park. Following the official flicking of the switch Lakeside Park will be ablaze with hundreds of displays created by the Tech Zone Class at Kingsville District High School. Don't miss the new displays that are located throughout the park made possible through generous sponsorship from local companies and partners. Following the Lighting Ceremony watch the skies for the annual Fireworks display.

Once the fireworks display has concluded join us for a ride on the Fantasy Express Mini Train. This is a wonderful opportunity for families to tour the upper bowl of Lakeside Park for a close up look at many of the displays.

Santa may have been delayed by the rain last weekend but he has promised a return trip to Kingsville on **Friday Dec. 8 at 7pm** for the Annual Santa Claus Parade. Come out and enjoy this annual holiday tradition as we welcome Santa to Kingsville.
